How to use this pack

This is a working document, not a book. You do not need to read it in order, and you do not need to finish it before you start. Open the section that matches the problem in front of you today.

> Nothing needs to be filled in before you start. The scripts and prompts are ready to copy. Change the names, prices and items so they sound like you, and keep the structure exactly as it is.

What is in this pack

— 30 days of prompts, written out

— Five post formats that do the work

— A 40-hook bank

— The caption formula and CTA bank

— A batching system that takes one afternoon a week

Who it is for

Business owners who post when they remember and wonder why nothing happens. Works on TikTok, Instagram and Facebook.

What this pack will not do

It will not do the work for you, and it does not guarantee a result. It gives you the structure, the words and the routine. The rest is you, doing it consistently for a few weeks. That is not a small thing — most people do not.

THE PROBLEM

Why this exists

Posting that depends on mood is not marketing, it is a hobby with extra steps.

The fix is not more discipline. It is fewer decisions: a fixed set of formats, a bank of prompts, and one afternoon a week where everything gets made at once.

PART 01

The five formats

Five formats, rotated. That is the whole engine. When in doubt, pick the next format in the rotation and use the next prompt.

— Teach — one problem, one fix, no pitch. Builds authority.

— Meme — a truth the customer recognises. Builds reach.

— Offer — what it is, who it is for, what it costs.

— Proof — a before/after, a process, a number you can defend.

— Take — an opinion you will defend in the comments.

PART 02

The weekly shape

— Monday — Teach (the problem your product solves)

— Tuesday — Meme (the customer's own words)

— Wednesday — Offer (the thing itself)

— Thursday — Proof (show the work)

— Friday — Take (an opinion)

— Saturday — Meme or Proof

— Sunday — Offer (the soft close)

Offer	This is ₦5,000. Here is exactly what is inside.
Honest	This will not make you rich. It will stop you losing money.
Simple	One sentence. That is the whole fix.

DO THIS

The checklist

Work down the list in order. Tick as you go. If you only do the first three, you will still be ahead of most people who bought this.

Sunday	☐	Pick seven prompts. One for each day. Do not open the app until you have all seven.
Sunday	☐	Batch: record all videos in one sitting, in one outfit, in one place.
Sunday	☐	Export all static posts from your template. Ten minutes each at most.
Monday	☐	Schedule the week. Do not post live — you will start editing at 11pm.
Every day	☐	Reply to every comment for the first hour after posting. That is the whole growth hack.
Friday	☐	Check three numbers only: views, saves, messages. Note the best post and copy its shape.
Monthly	☐	Cut the worst-performing format for one month. Replace it with one deliberate experiment.

QUESTIONS

Five things people ask

Do I need to be on all three platforms?
No. Pick two. Do them properly. Add the third when it is easy.

What if I miss a day?
Nothing happens. Do not ‘make up’ for it. Start again the next day.

How long until it works?
You will see which formats work within three weeks. Real compounding takes about 90 days.

Can I recycle old posts?
Yes, after 60 days, rewritten. Never repost the same file.

Do I have to show my face?
No. Text, hands, screens, objects and voiceover all work.

SUPPORT

If something is unclear
