How to use this pack

This is a working document, not a book. You do not need to read it in order, and you do not need to finish it before you start. Open the section that matches the problem in front of you today.

> Two sections need your own information before this pack is fully useful: the your details worksheet on the next page, and the checklist at the back. Fill in the worksheet first — it takes about ten minutes, and everything else refers back to it.

What is in this pack

— Google Business Profile, set up properly

— The 20 local keywords that matter

— A review system that produces reviews

— A 30-day local checklist

— WhatsApp catalogue and status plan

Who it is for

Shops, salons, restaurants, tailors, repairers, clinics and service businesses with a physical location in Lagos.

What this pack will not do

It will not do the work for you, and it does not guarantee a result. It gives you the structure, the words and the routine. The rest is you, doing it consistently for a few weeks. That is not a small thing — most people do not.

THE PROBLEM

Why this exists

Most Lagos businesses are invisible in the one place a nearby customer looks: Google Maps.

A complete profile with photos, hours, categories and reviews will out-rank a bigger competitor with an empty one — and it costs nothing.

PART 01

Why local beats social for a shop

Social reach is rented. Local search is intent: someone typing ‘tailor near me’ is ready to spend today.

— Local customers are the cheapest customers you will ever get.

— A profile with 20 reviews beats a profile with 3, every time.

PART 02

The 20 keywords that matter

Use these in your description, your posts and your replies. Do not stuff them — write them the way a customer would say them.

— near me · in [area] · Lagos · open now · best · cheap · affordable · custom · same day · delivery

— [service] + [area] · [service] + Lagos · [service] + price · [service] + near me

— Your trade name as customers say it, not as you write it.

SECTION A

Profile description

The 750-character formula	What you do + who for + where + what makes you different + hours + how to reach you. Plain sentences, no slogans.
Example opening	Custom tailoring for women in Yaba and Surulere. We make Ankara, lace and office wear to measure, with fittings at our shop on [street].
Example closing	Open Monday to Saturday, 9am–6pm. Message us on WhatsApp to book a fitting.
What to leave out	No ‘we are the leading’, no ‘world-class’, no emoji strings. Google reads it, and so do customers.

SECTION B

Getting the first 20 reviews

The ask, in person	“If you are happy with it, would you mind leaving us a Google review? It takes one minute and it genuinely helps us.”
The WhatsApp ask	Thank you for coming in today. If you have a minute, a Google review helps people find us: [short link]. No pressure at all.
The follow-up ask	We sent a review link last week — if it slipped past you, here it is again. Thank you either way.
When a review is bad	Reply once, publicly, politely: “That is not the experience we want. Please message us on [number] so we can fix it.” Then fix it.
What never to do	Never buy reviews, never write them yourself, never ask staff to review you. Google removes them and can suspend the profile.

SECTION C

Local posts and offers

Weekly post formula	One photo, one sentence about what is available this week, one instruction. Post every week — Google rewards activity.
The area post	"We deliver to [area] every [day]. Orders before [time] go out same day."
The opening-hours post	"Open all through [holiday]. [Hours]. Walk in or message us."
The seasonal post	"[Season] orders are open. Book before [date] to get your slot."

YOUR DETAILS

The worksheet — fill this in first

Answer in the plainest words you have. Do not write what you think a business should sound like — write what you would say to a customer standing in front of you.

Business name and what you sell, in one line:

Who your best customer is (age, area, what they do):

The problem they come to you with, in their words:

What you do that a competitor does not:

Your price or price range:

Your delivery time or turnaround:

How a customer reaches you (number, handle, address):

The one thing you want this pack to fix first:

Exact address and nearest landmark:

Opening hours, including weekends:

DO THIS

The checklist

Work down the list in order. Tick as you go. If you only do the first three, you will still be ahead of most people who bought this.

Day 1	☐	Claim or create your Google Business Profile. Verify it — this can take up to a week, so start now.
Day 2	☐	Choose the most specific category, not the broadest one. Add secondary categories.
Day 3	☐	Write the 750-character description using the formula above.
Day 4	☐	Set exact hours, including holidays. Wrong hours cost you more than no hours.
Day 5	☐	Add 10 real photos: outside, inside, product, staff, sign. Phone photos are fine.
Day 6	☐	Add your services or products with prices.
Day 7	☐	Turn on messaging and connect your WhatsApp number.
Week 2	☐	Ask every happy customer for a review. Aim for 20 in 30 days.
Week 3	☐	Post once a week on the profile. Keep doing it.
Week 4	☐	Check insights: calls, direction requests, website clicks. Note which photo gets attention.

QUESTIONS

Five things people ask

Do I need a website to do this?

No. A complete Google profile plus WhatsApp will work for most local businesses.

How long until I show up?

You can appear in Maps within days of verification, but ranking takes 4–12 weeks of reviews and activity.

Can I delete a bad review?

Only if it breaks Google’s policy. Otherwise reply politely — a good reply is read by everyone else.

Is it free?

Yes. You do not need to pay for the profile or the verification.

I have two locations — one profile or two?

Two separate profiles, each with its own address, hours and photos.

SUPPORT

If something is unclear

Message us on WhatsApp and ask. If a file will not open, or a page is missing, we replace it within seven days, no questions. That is the whole support promise — there is no upsell waiting at the end of it.
