THE EASYWURLD CLIENT PROCESS

Inside concept approval: a computer training centre request.

01

Illustrative request from a computer training centre: course titles do not explain prerequisites.

02

The documented step is concept approval; a named owner records its decision.

03

Illustrative detail to verify: a beginner enrols in an advanced class.

04

What we still need to confirm: scope, reviewer and rights for this project.

05

Only an authorised approver releases this package. Ask how the step works.
